(hereinafter: "**Table of Fees**"). The Table of Fees constitutes an appendix to these GT&C and is available on the Lessor's website at www.flextogo.com.

§ 2. START AND END OF THE RENTAL RELATIONSHIP

1. The Lessee may reserve the vehicle through the Lessor's website or through a broker cooperating with the Lessor. In order to correctly fill in the form for the purposes of making a reservation, it is necessary to provide the following information:
 - 1) Name and surname;

The confirmation sent to the Lessee contains detailed information on the reservation made, in particular the duration of the Agreement, amount of rental fee, vehicle class, and place of pickup of the vehicle.
3. In the case of making a reservation through an internet broker portal, presenting vehicle rental offers from multiple entities, the Lessee receives confirmation of the reservation with

- detailed information on the reservation from this entity and the terms and conditions of the agreement concluded with the broker portal.
4. If the Lessee makes a reservation of the vehicle through the broker portal, the Lessor shall not be liable for the provision/performance of any additional services offered and purchased from such an intermediary, as well as for the Lessee's settlements with such an entity.
 5. The Lessor is not liable for settlements and reimbursement of fees paid by the Lessee to the brokerage companies through which the Lessee made the reservation of the vehicle.
 6. The Agreement is concluded by signing it by the Lessee and the Lessor's representative using a device that enables electronic confirmation of the signature.
 7. The start and end date and time of the rental is specified in the Agreement.
 8. In the case of reservation made through the Lessor's websites: www.flextogo.com, resignation from the reservation without incurring costs for the Lessor is possible no later than 24 hours before the planned release of the vehicle to the Lessee.  - 1) 24 hours before the deadline for returning the vehicle - on working days from Monday to Friday;
 - 2) 48 hours before the deadline for returning the vehicle - on Saturdays, Sundays and public holidays.
 10. The notification of the Lessee's intention to extend the Agreement for a period longer than 59 minutes must be confirmed by an e-mail sent to rent@flextogo.com or in person at the Lessor's branch. In the event of extension, the Lessor has the right to recalculate the rate for the rental day according to the Walk-in rental price list valid on the date of extension of the Agreement. Failure to notify the intention to extend the Agreement and failure to return the vehicle within 6 hours from the termination or expiry of the Agreement may be treated as a suspicion of deliberate action (misappropriation or theft), about which the Lessor may notify the law enforcement authorities. After the Lessee declares an intention to extend the Agreement by phone or e-mail, the Lessor sends a new Agreement to the Lessee's e-mail address for the period of extension. Then, the Lessee, within a period of no more than 12 hours from receiving the e-mail, confirms the terms of extension of the Agreement in a reply. In the absence of a response by the Lessee, the extension will not be guaranteed by the Lessor.
 11. Shortening the duration of the Agreement is possible at the Lessee's written request, notified by e-mail sent to rent@flextogo.com in person at the Lessor's branch no later than 24 hours before the planned date of return of the vehicle. The Lessor, in the event of shortening the Agreement, may return the Lessee up to half of the amount due/fees for the remaining days of the rental specified on the basis of the Agreement originally concluded with the Lessee.
 12. The Lessor reserves the right to immediately terminate the Agreement and pick up the vehicle from the Lessee at the Lessee's expense, also through an authorized entity, in the event that the car is used in violation of the terms of the Agreement, including in particular the provisions of these GT&C. In justified cases, the Lessor will also be entitled to pick up the vehicle without the participation of the Lessee.

§3. RENTAL FEES

1. The rental fee for the vehicle rental is charged as a multiple of 24-hour periods (per day) at the rate specified on the Lessor's website or resulting from the Agreement with a brokerage portal in the case of reservation through such a portal. In the case of making a reservation through the brokerage portal in the paid-on-arrival payment system, referred to in section 3 point b) below, in the event of a discrepancy between the amount of the rental fee indicated in the reservation confirmation on the broker portal's website and the one indicated on the Lessor's website, the Lessee is entitled to demand a rental fee in the amount specified in the reservation confirmation on the broker portal's website. In the case of payments in the pre-paid system, referred to in section 3 point a), the rental fee in the amount previously paid by the Lessee towards the Agreement through the brokerage portal applies to the Parties.
2. The rental fee is collected in advance, before the vehicle is released to the Lessee, in the amount specified in the Agreement.
3. If the Lessee makes a reservation of the vehicle through the brokerage portal, the payment is made:
 - a) in the pre-paid system: for the brokerage portal, before picking up the vehicle from the Lessor
or
 - b) in the paid-on-arrival system: by a credit card to the Lessor's account at the latest when the vehicle is released to the Lessee by the Lessor.
4. The Lessee receives a receipt confirming the payments made by him/her. At the Lessee's request, the Lessor will issue a VAT invoice - however, to issue a VAT invoice, the Lessee must provide the NIP [tax identification] number at the latest upon pickup of the vehicle, provided that the receipt is returned to the Lessor (or not collected by the Lessee at the time of releasing the vehicle) and submitting this application within the time limit enabling the invoice to be issued on the valid date (by the 15th day of the month following the month in which the service was performed at the latest), at the latest 2 business days before the expiry of this period The Lessor is authorized to issue VAT invoices without the Lessee's signature. By accepting the provisions of these GT&C, the Lessee agrees to receive VAT invoices electronically. The VAT invoice is sent to the Lessee's e-mail address indicated in the Agreement.
5. In the event of failure to meet the deadline for payment of receivables resulting from the VAT invoice in whole or in part, the Lessee is obliged to pay statutory interest in the amount specified in article 481 § 2 of the Civil Code.
6. The Lessor accepts credit cards with the full name of the Lessee. Credit cards with an incomplete name and only initials are not accepted. Making a payment using a debit card requires the consent of the Lessor and is possible in the event of paying an additional fee for the excess reduction package and for the fuel package, in order to secure the performance of the Agreement. On the terms and in the amount specified in the Lessor's Table of Fees available on the website, the validity of the credit/debit card may not be less than 6 months from the date of the end of the Agreement.

§4. DEPOSIT AND EXCESS OF THE LESSEE

1. The condition for releasing the vehicle to the Lessee is to provide a deposit to secure the Lessor's claims that may arise from the Agreement. The deposit is transferred by blocking the funds on the Lessee's credit card (American Express, Visa Card, Master Card) before the vehicle is released. The Lessee may purchase, for an additional fee specified in the Table of Fees, a reduction in the amount of the deposit (reduction of the deposit blockade). The purchase of a reduction in the obligation to provide a deposit (reduction of the deposit blockade) does not release the Lessee from

- liability for the rented vehicle. Within the scope of the Lessee's liability specified in the Agreement and the GT&C, the Lessor has the right to charge the Lessee with contractual penalties and costs for which the Lessee is liable.
2. The amount of the deposit appropriate for a given vehicle class is specified in the Agreement and in Appendix 1 to the GT&C (also available on the Lessor's website <https://flextogo.com>). Pre-authorization as a blockage of funds on the card is made by the Lessee before the vehicle is released and is valid for 14 days from the date of its making. The blockade (pre-authorization) is released automatically in accordance with the procedures adopted by the bank - card issuer. The Lessor has the right to submit an instruction to block funds for the next 14 days, if it is necessary to exercise the Lessor's rights under the Agreement and the GT&C, in particular when the vehicle is returned in a state inconsistent with the Lessee's obligations under the Agreement and the GT&C. Releasing the blockade does not mean that the Lessor waives its claims against the Lessee. The Lessor undertakes to immediately submit an instruction to cancel the blockade in the event of the occurrence of premises justifying the release of funds, no later than within 7 days from the last day of the Agreement.
 3. The deposit paid by the Lessee may be counted towards covering the Lessor's claims, in particular the costs necessary to restore the vehicle to the condition resulting from normal wear and tear, or penalties charged in connection with the closure of the Agreement, which was improperly performed by the Lessee, in particular for covering the Lessee's excess in the appropriate amount in the event of damage to the vehicle or other property transferred to the Lessee during the rental period for reasons for which the Lessee is liable.
 4. Subject to the provisions of section 5 below, the excess means the level of the Lessee's property liability for the vehicle specified in Appendix 1 and on the Lessor's website (<https://flextogo.com.pl/>), but the Lessee's excess does not limit his/her liability in the event of the Lessee's failure to comply with the obligations set out in these GT&C or the provisions of the Agreement. In the event of damage, the Lessee's liability is limited to the amount of the excess, except for the Lessee's choice of the Easy Drive package available on the website www.flextogo.com - if the Easy Drive package is selected, the Lessee is liable for all damage up to the full amount of damage, without limit of the excess.
 5. The Lessee is fully liable for damage caused by the Lessee's fault, including damage caused by the person driving the vehicle if the Lessee made the vehicle available to him/her, including damage caused due to the use of the vehicle contrary to the Agreement or the GT&C, documented on the basis of the valuation presented to the Lessee by the Lessor if the damage arose as a result of circumstances for which the Lessee is liable or if he/she fails to exercise due diligence required in the case of an event relating to the vehicle (in particular, if he/she fails to notify the Police about the event, does not take the steps required to liquidate the damage under the insurance policy) The provisions of the preceding sentence also apply to situations where the Lessee violates the terms of the Lessor's **Table of Fees**, delivered to the Lessee and available at any time on the Lessor's website, <https://flextogo.com/>. In the event of damage to the vehicle, the Lessor will provide the Lessee with a cost estimate for repairing the damage. The Lessor will also prepare photo documentation of damage or dirt to the vehicle, where possible. At the Lessee's request, the photo documentation will be provided to the Lessee.

6. The rented vehicles have the required scope of motor third party liability insurance, accident insurance releasing the Lessee from liability above the excess, in the event of a collision and theft, subject to other provisions of this GT&C or the Agreement and with the exception of:
- 1) deliberate damage to the vehicle by the Lessee or the person driving the vehicle,
 - 2) damage to the vehicle while driving by the Lessee or the person driving was under the influence of alcohol or intoxication, after the use of drugs or psychotropic substances and/or without a valid driving licence,
 - 3) damage to the vehicle by the Lessee or the person driving the vehicle in the event of a gross violation of road traffic regulations,
 - 4) if the person driving the vehicle fled the scene,
 - 5) damage caused in a situation where the person driving the vehicle was a person not authorized by the Lessor to drive the vehicle,
 - 6) theft of the vehicle, as a result of which the keys and/or the registration certificate of the stolen vehicle were stolen;
 - 7) theft of the vehicle left in a dangerous place and/or in which all anti-theft devices installed in it have not been activated;
 - 8) burglary, as a result of which the radio and the panel were stolen;
 - 9) damage to the vehicle as a result of refuelling with the wrong type of fuel.
7. In the cases indicated in the preceding section, the damages are fully or partially covered by the Lessee. The excess for each of the damages has been determined for the amount specified in the provisions of these GT&C and available on the Lessor's website -, <https://flextogo.com/>.
8. The Lessee has the right to waive the excess for each of the damages referred to in section 4 above (with the exception of the cases specified in section 5 above and section 9 below), by purchasing an additional excess reduction package. The Lessee may report such a will to the Lessor on the day of releasing the vehicle by the Lessor at the latest, against payment of an additional fee. The description and scope of additional excess reduction packages is attached as Appendix 2 to the GT&C.
9. The purchase of the excess reduction package does not apply or does not release the Lessee from liability for damage in the event of:
- 1) damage/loss/misplacement of the registration certificate;
 - 2) damage/loss/misplacement of additional equipment, e.g. WIFI, child safety seat;
 - 3) damage/loss/misplacement of a key or remote control;
 - 4) damage/loss/misplacement of the registration plate, unless it has been reported to the police;
 - 5) loss of a parking ticket;
 - 6) refuelling the vehicle with the wrong type of fuel;
 - 7) when it turns out that the person driving the vehicle is under the influence of alcohol/drugs, or is after the use of alcohol/drugs;
 - 8) in the case of driving the vehicle by a third party, not reported to the Lessor as an additional driver;
 - 9) in the event of an unauthorized trip abroad, that is, a trip abroad, despite the lack of the notification of the intention to leave to the Lessor and the lack of the Lessor's consent to trip abroad;
 - 10) in the case of failure to deliver or exceeding the deadline for delivering the damage report form;
 - 11) in the event of violation (improper performance or failure to comply with the provisions) of the GT&C or the Agreement in the scope of provisions specifying the

- Lessee's obligations related to the use of the vehicle;
- 12) in the event of using the vehicle contrary to the road traffic regulations, which resulted in the costs incurred by the Lessor, in particular administrative penalties, additional fines;
 - 13) any damage caused to the replacement vehicle issued as the next replacement vehicle (the second replacement vehicle and the next ones), as a result of damage caused by the Lessee or the person driving the vehicle.
10. Immediately after the return or replacement of the vehicle used by the Lessee, the Lessor reserves the right to charge the Lessee with the following costs:
- 1) costs of deficiencies in the equipment of the vehicle or its parts described in the vehicle pickup and drop off protocol and compensation for excessive wear of the vehicle inside or outside,
 - 2) costs of removing damage caused by improper use of the vehicle or negligence of the Lessee, and not resulting from the risks covered by the insurance policy and not constituting a standard damage;
 - 3) costs of removing communication damage in the event of failure by the Lessee to fulfil the obligations under the Agreement or the GT;
 - 4) costs of compensation for the loss of value of the vehicle as a result of a collision or accident if the cause of the accident was culpable or partially culpable by the Lessee, the person driving the vehicle or the vehicle passenger, or for the loss of value of the vehicle as a result of making modifications or other changes contrary to the intended use of the vehicle without the consent of the Lessor.
11. In the event of damage exceeding the value of the excess, caused by the violation of the provisions of the Agreement referred to in section 5, section 9 and section 10 above, the Lessor reserves the right to claim full

compensation from the Lessee (actual damage and lost profits) in the course of court proceedings.

12. The amount of excess is presented in the table in Appendix no. 1 to the GT.

§5. RELEASE AND RETURN OF THE VEHICLE

1. The Lessor will release the vehicle to the Lessee on time and in the class compliant with the reservation, along with a complete set of documents necessary for its use and with the only set of keys and a damage report form. The Lessor reserves the right to release a higher class vehicle to the Lessee for the rental fee corresponding to the class of the reserved vehicle.
2. The technical condition of the vehicle is each time described in the vehicle pickup and drop off protocol. The release protocol contains information on the mileage counter, fuel level, and a drawing (projection) of the vehicle with any excessive damage marked on it, specified in accordance with the rules set out in the vehicle return guide ("PZP Flex Rent") that occurred during previous rentals of the given vehicle. The Lessee is asked to read the release protocol and PZP Flex Rent, as well as to check the correctness of the information contained in the release protocol, in accordance with the Lessee's basic knowledge entitling him/her to drive vehicles. In particular, the Lessee should check the technical condition of the vehicle released to the Lessee. In the event of the Lessee's doubts as to the technical condition of the vehicle, the Lessee has the right to request verification of the condition of the vehicle with the Lessor's representative and to report any reservations to the vehicle pickup and drop off protocol. The Lessee's right to verify the condition of the vehicle before its pickup is due until the first time the vehicle is started by the Lessee (vehicle ignition). Each time the release protocol is provided to the Lessee, first for inspection and approval, and then via e-mail to the Lessee's e-mail address.

3. Unless the parties to the Agreement expressly agree otherwise in a specific case, the Lessee is charged with minor expenses resulting from the normal use of the vehicle, i.e. refilling the vehicle's operating fluids, washing the vehicle, refuelling, daily checks of the level of operating fluids, in particular, the level of oil and coolant, the operation of the bulbs in the vehicle, and the level of tyre pressure.
4. If, during the rental period, the vehicle requires repairs of any kind, the Lessee is obliged to notify the Lessor of this fact each time and immediately by contacting the Lessor by phone at +48 22-122-86-63 - 24 hours or via e-mail, i.e., service@flextogo.com, the Lessor's hotline operates 24/7, e-mail notifications are accepted and processed by the Lessor from Monday to Friday, 9.00-17.00.

6. The vehicle is released with a full fuel tank, unless a different value of the fuel level in the tank is indicated in the vehicle pickup and drop off protocol. The fuel level in the returned vehicle should be the same as when the vehicle was released. Otherwise, the Lessee will be charged with an additional fee in the amount calculated in accordance with the Lessor's Table of Fees.
7. After the termination or expiry of the Agreement, the Lessee is obliged to return the vehicle, keys and all documents as well as additional equipment provided to him/her by the Lessor along with the vehicle, as a rule during the Lessor's office hours and in the presence of the Lessor's employee.

9. In the case of returning the vehicle: (i) whose degree of dirtiness does not allow for a thorough inspection of the condition of the vehicle at the time of its return by the Lessee or (ii) when the vehicle is returned without the participation of the Lessor's employee by returning the vehicle keys to the box located at each Lessor's point, in particular, in the case of returning the vehicle outside the working hours of the Lessor's points (as a rule, working hours 7: 00-23: 00, outside the separately regulated working hours on non-working days and subject to separate working hours of some Lessor's points, about which information can be found) at each point), the Lessor will verify the condition of the vehicle without undue delay, no later than 24 hours from the moment the vehicle is returned by the Lessee, and will provide the Lessee with a copy of the vehicle pickup and drop off protocol. In this case, the basis for the final settlement of the condition of the vehicle, taking into account the degree of its normal wear and damage beyond the normal degree of wear, will be a vehicle pickup and drop off protocol prepared by the Lessor, made after washing the vehicle by the Lessor's employees.
10. Due to the exceptional circumstances of the vehicle return, constituting a departure from the rule, which is the return of the vehicle in the presence of the Lessor's employee, during the working hours of the Lessor's point and the washed one (to enable a full inspection of the vehicle upon its return), the completed vehicle pickup and drop off protocol will be treated by the Parties as binding until the Lessee provides the photographic documentation of the vehicle, prepared no later than at the moment of the vehicle return, allowing the Lessor to determine the condition of the vehicle other than that described in the vehicle pickup and drop off protocol. The provisions indicated

above do not release the Lessee from the obligations set out in §6. The Lessee is entitled to return the vehicle elsewhere only after obtaining the Lessor's consent. The length of the return delay may be determined, in the case of returning the vehicle outside the working hours of the point or in the absence of the Lessor's employee, based on the indications of the GPS device installed in the vehicle.
14. In the event of a delay in picking up the vehicle by the Lessee, the Lessor may cancel the rental

after 59 minutes from the planned release of the vehicle, or add an additional fee for the delay in pickup. In the event of a delay and exceeding 59 minutes, the Lessor may add 107.50 to the rental, for each commenced hour of delay.

16. After inspecting the vehicle and reading the confirmation generated by the system, the Lessee receives via e-mail (within 24 hours) a return confirmation - a return protocol, along with a drawing of the vehicle with the technical condition marked (including information on possible damages, scratches). At the Lessee's request, it is possible to issue a paper version of the confirmation referred to in the preceding sentence.
17. In the case of returning the vehicle in the manner described in section 9 and section 10 above (without the presence of the Lessor's employee), the Lessee is asked to prepare photographic documentation confirming the technical condition of the vehicle (in particular, clear photos showing the mileage counter, registration plate, fuel level, photos of the interior of the vehicle, detailed photos of the body - in particular bumpers, wheel arches, door edges, bonnet, headlights, rims, side skirts and door skirts).

4. If a replacement vehicle is delivered by the Lessor's contractor, the Lessor is the guarantor of settlements between the Lessor's contractor and the Lessee. All issues related to the use of a replacement vehicle provided by the Lessor's contractor are regulated on the same terms as in the case of the vehicle provided to the Lessee by the Lessor on the basis of the Agreement, in accordance with the provisions of the Agreement or GT. The Lessor reserves the right to settle the costs of the replacement vehicle provided by the Lessor's contractor in the event of violation of the Lessee's obligations or in the event of improper performance of the Lessee's obligations related to the use of the replacement vehicle.
5. The provision of a replacement car does not apply:

- In such cases, the parties to the Agreement may agree to provide a replacement vehicle for a separate fee, paid by the Lessee. Any arrangements regarding the vehicle then relate to the replacement vehicle, respectively, and the provisions of section 2 point 1) and 2) above do not apply.
6. The Lessor is not liable for any penalties, fines or fees (including parking fees), the imposition of which results from the violation or non-compliance by the Lessee with legal regulations, including road traffic regulations, as well as other regulations/regulations

specifying the rules of using roads or parking lots. These fees are paid by the Lessee. If the Lessor is charged with these fees or costs - they will be charged to the Lessee, while the Lessor is entitled to increase this amount by actually incurred and justified administrative costs (e.g. sending summons, debt collection costs).
